## CORRUPTION IS CHARGED

### Minority of Committee Does Not Exonerate Stephenson

Washington, Feb. 12.—The minority report of the senate committee on privileges and elections on charges against United States Senator Isaac Stephenson will probably not be filed in the senate until Senator Kerns reaches here. The report, signed by Senators Lea, Jones, Clapp and Kerns, will hold that the senate has a right to inquire into senatorial primaries as well as the election itself. It is claimed the \$107,000 paid by Senator Stephenson practically all was spent at the primaries and that the real contest for the senate seat was fought there. If corrupt practices marked the primaries, the minority report will aver that the election itself must have been secured by corrupt means. The report will urge the senate to assume jurisdiction over primaries and thus "take a stand against the sale of seats in the United States senate." It also will be held that the enormous primary expenditures have not been satisfactorily explained.

### RIGHT ARM IS BROKEN.

Logan, Feb. 12.—Prof. J. W. Jensen of the Agricultural college faculty and engineer in charge of the big power house dam now being constructed by the state in Logan canyon, sustained a broken right arm yesterday when he was thrown from a buggy in which he and Olof Nelson were riding toward the dam. As the rig proceeded to the canyon, a part of the harness gave way and the horse became unmanageable. In an effort to get out of the buggy and reach the horse's head, Prof. Jensen was thrown hard to the ground, his right arm being broken by the fall.

## ABE REUF'S RECEPTION

### Former Political Boss Greeted by His Old Friends

San Francisco, Feb. 12.—The visit of Abraham Ruef at the home of his aged mother yesterday, on a permit to leave the county jail signed by Judge Laylor, was turned into a public reception at which the former political boss received over 150 of his friends. In the custody of a deputy sheriff, Ruef spent eight hours at his home. The large number of former followers filling the reception hall recalled vividly the days of his power, when he was daily besieged by people seeking favors. Ruef said he had not had a full conference with the district attorney regarding his part in the trial of former Mayor Schmitz, which the former boss had been called as a witness. Ruef and the prosecutor have been in conference every day since the former was brought from San Quentin prison last week.

## DIAMONDS BOUGHT BY AMERICANS

New York, Feb. 12.—The passion of the American public for diamonds and other precious stones shows no sign of yielding to the high cost of living. If the customs figures are to be taken as an indication, the value of January gem imports were \$3,115,000, a fair sized increase over the same month a year ago. In 1911 the value of the gems which came in at the port of New York reached \$40,000,000, exceeding all other years with the exception of 1906. Maiden Lane dealers say that more diamonds are being purchased by people in moderate circumstances as an investment than ever before. Experts on financial conditions say that the gem imports are an accurate barometer of business prosperity, because the gem trade is the first to feel the effects of poor business and the last to recover from a time of depression.

## OKLAHOMA GIANT FIGHTS TONIGHT

New York, Feb. 12.—Carl Morris, the Oklahoma giant, will try conclusions in ten round bout with Jim Stewart at a Brooklyn athletic club tonight. Stewart is believed to be the most dangerous opponent—excepting Jim Flynn—that Morris has met. He is heavy and a hard hitter, with plenty of cleverness and courage. Morris now weighs 225 pounds, while Stewart will tip about 205 pounds at ringside. The bout is for a \$3,000 purse, of which the Oklahoma man will get \$1,800.

## SELLING MOVEMENT IN UNION PACIFIC SOLVED

New York, Feb. 12.—The mystery which for ten weeks has been causing

anxiety and occasionally symptoms of consternation among men prominent for their great financial transactions on Wall street in New York and on LaSalle street in Chicago, the mystery as to the cause of the steady, rapid decrease in the selling price of Union Pacific stock, has been solved. Mrs. E. H. Harriman, widow of the railroad wizard, not caring to be active longer in the affairs of the Union Pacific, has been selling her stock. She has sold it all. And with the money so obtained she has been buying Union Pacific bonds.

### A NEW ROAD PROPOSED.

Idaho Falls, Feb. 12.—R. Rounds, formerly a resident of this city, but now of Boise, spent several days here this week looking up the proposition of an electric railroad from Blackfoot to St. Anthony. He represented Boise and eastern capital. Mr. Rounds visited the various towns through the valley and received much encouragement. A large number of farmers held a meeting yesterday at the Club of Commerce rooms. A farmers' cooperative association organized about three months ago has since that time shipped 138 cars of potatoes and 38 cars of hay, making expenses and a profit of nearly \$800. The association contemplates purchasing or building an elevator in the near future.

## CHANGING A RAILROAD

### Panama Canal Work Cuts Into the Old Tracks

Washington, Feb. 12.—Work on the Panama canal has progressed so far that the Panama railroad is being worked out of its old right of way. On February 15, the railroad will begin using the section of the re-located track between Gorgona and Gatun, a distance of 23 miles, and, by the first of April, the section of old track will be entirely removed. By that time it is expected Gatun lake will begin to rise to the fifty-foot level. The new track increases the distance across the isthmus from Colon and Panama approximately five miles and adds ten minutes to the running time, which is now two hours and 21 minutes.

### (Continued on Page Three.)

EVANGELIST IS DEAD.  
CHICAGO, Feb. 11.—John A. Hitchcock, for many years a co-worker of Dwight L. Moody, the Evangelist, died of apoplexy here today. Mr. Hitchcock, who was 79 years old, had been one of the leaders in the Moody church for more than 40 years.

## ARIZONA'S STATEHOOD

### Plans Completed For the Big Event in Phoenix

Phoenix, Ariz., Feb. 12.—All plans for the inauguration of Governor-elect George W. P. Hunt and for Arizona's debut into the union as a full-fledged state next Wednesday have been completed. Owing to the delay in issuing the statehood proclamation, due to President Taft's absence from Washington today, the governor-elect and the other new officials residing outside of Phoenix will not arrive here until Tuesday.

There was much disappointment because of President Taft's inability to sign the proclamation today. It was considered fitting that Arizona should become a state on Lincoln's birthday, as was Lincoln who signed the proclamation creating a territory of Arizona.

The inauguration ceremonies will be very simple and unostentatious in accordance with the view of the governor-elect.

While the plans for a parade have not been abandoned there will be an absence of any pomp or military display, only civic bodies taking part. There will be a salute of 48 guns, signifying Arizona's place in the flag. The governor will walk to the capitol, where the oath will be administered by Chief Justice Edward Kent of the territorial supreme court, after which there will be a brief inaugural address.

In the evening there will be an informal reception and an inaugural ball. The latter will be unique in that it will take place in an open-air pavilion and all who wish may dance.

## MAGAZINE BLOWN UP

### Five Hundred Soldiers Were in Danger of Death

New York, Feb. 12.—A powder magazine on the government proving grounds at Fort Hancock, Sandy Hook, exploded today with a report that was heard for 10 miles. The magazine was set off by firing sparks from a small fire which had started two hours before near a storage house nearby. Five hundred soldiers from the garrison who had been sent out to fight the flames, were within a few rods of the structure when its roof shot skyward. For a time it was thought that scores of lives had been lost. Officers declared later, however, that so far as could be ascertained, no one was harmed by the terrific blast.

This miraculous escape was due mostly to the fact that only a small part of the stored powder ignited. The bulk of the ammunition was simply blown skyward and scattered about the vicinity unexploded. Experts declared that had this been exploded few of the soldiers around the building would have escaped.

## MORGAN'S MILLIONS

### More Than \$100,000,000 Has Been Spent For Art Treasures

New York, Feb. 12.—The recent announcement that J. Pierpont Morgan would bring a portion of his art collection from London to New York, has led to the discovery that the financier has invested a sum estimated at more than \$100,000,000 in art treasures. These are said to consist not only of paintings, statuary, but jewels and collections of wide range and enormous value, of ceramics, porcelain, bronzes, reliquaries and antiquities of almost every form and conception of every age of barbarism and civilization.

Mr. Morgan's London collections are estimated at more than \$20,000,000 value. His New York art treasures fully twice as high.

Paintings and art objects loaned to museums swell the estimated fund by \$10,000,000, while an equal sum, it is believed, is not an excessive value of paintings, statuary, but jewels and collections of wide range and enormous value, of ceramics, porcelain, bronzes, reliquaries and antiquities of almost every form and conception of every age of barbarism and civilization.

## ANOTHER ORE FIND REPORTED AT CARROLL

A second high grade strike has been made in the new camp of Carroll, Lessers operating on the Watt ground at a point 350 feet northwest of the Gold Basin Gold Mining company shaft have opened up a body of black man-

ganese, which carries good gold values.

This find was made in a prospect shaft just sixteen feet from the surface. The new find has stimulated greater activity among leasers, and more work is being done in that district. A number of applications have been made for new leases, and a lot of new territory will be developed while the weather conditions are good.

## SEC. KNOX TO DEPART

### His Mission May Be Ex- tended to Include Mexico

Washington, Feb. 12.—Secretary Knox made definite preparations today for the conduct of the state department by his assistants during his absence the next six weeks, when he will visit countries bordering on the Caribbean sea. Mr. Knox had his last conference with President Taft last night and today will leave with his wife and Mr. Knox for Palm Beach, Fla. He will embark on the cruiser Washington for the Central American Republic about Feb. 21.

Whether Mexico and Colombia will be included in his itinerary, had not been decided.

No official announcement was prepared today regarding the American countries that the secretary contemplates visiting them, but the diplomatic representatives here have cabled to their home offices the substance of President Taft's announcement made Saturday. It is considered possible that before final plans are completed by Mr. Knox while in Florida, he may receive a special invitation to go to Mexico.

## CONFESSES TO KILLING AN OHIO NEGRO

Chicago, Feb. 12.—Pearlie Elder walked into the office of Captain of Police Thomas Meagher last night and confessed that he had killed James Sanford, a negro, at Springfield, Ohio, October 28, 1910. Elder had been going under the name of William Martin since the commission of the crime. He told the captain he was tired of hiding. He is being held.

## MINISTER ORGANIZES THE UNEMPLOYED IN HIS NEIGHBORHOOD

Chicago, Feb. 12.—An organization to be known as the Association of Good Friends and composed of men who have been unemployed during the winter was formed last night at Immanuel Baptist church by the Rev. Johnston Meyers.

The men have called daily at the church for breakfast and the announcement by Rev. Meyers that they would form an organization for their mutual benefit, was greeted with cheers by the 161 men who were enrolled as members.

Each member promised to write once a month to the pastor who promised in return to answer each letter. A part of the plan is for any member who enters a locality where work is plentiful to notify Mr. Meyers who will pass the word along to the others. Each member promised to deposit a part of his earnings in a savings bank during the summer.

## TORTURE CONVERTS

### Japanese Try to Stamp Out Christianity in Korea

New York, Feb. 12.—Dr. A. J. Brown, president of the Presbyterian board of foreign missions, will go to Washington tomorrow to present President Taft charges recently received from missionaries in Korea that Japan is making efforts to stamp out Christianity there by torturing converts, closing mission schools and interfering with the work of the American missionaries, of whom there are between three and four hundred in Korea, most of whom are members of foreign missions of the Methodist and Presbyterian churches.

An account of the situation given by a missionary just returning from Korea characterizes conditions there as little short of barbarous.

While there as yet have been no recorded cases of physical attacks on Americans, they are compelled to endure constant interference with their work and every possible means is being employed to nullify their efforts and discourage them so that they will give up in despair and return to the United States, leaving the Koreans to be dealt with by the Japanese.

## SCORES IN THE RIFLE CONTEST

Chicago, Feb. 12.—Scores of the western inter-club indoor rifle shooting league matches, held last week and made public here today, show St. Paul recorded the highest score with Tacoma second.

The scores:  
Milwaukee, 885; Adrian, 950; Los Angeles, 917; Dickinson, 962; Helena, 942; Tacoma, 969; Minneapolis, 953; St. Paul, 978.

The Bisbee and Butte teams defaulted in their matches with the Badger and Madison clubs respectively.

## GEN. LANGLOIS DEAD

Paris, Feb. 12.—General Hippolyte Langlois, senator from the department of Meurthe-et-Moselle and member of the French academy died here today. He was elected one of the forty "immortals" in Feb. 9, 1911, in succession to Costa de Beauregard. He was authority on military strategy and tactics and his works on modern warfare are widely known. He was born in 1829 and was a Grande Officer of the Legion of Honor.

## SEC. KNOX TO DEPART

## MINES ARE EXPLODED

### Republican Troops in China Defeat the Im- perialists

London, Feb. 12.—The imperialist army, under General Chang Hsun, which has been in contact with Republican troops for some days, was today routed with serious loss near Su Chow An in Anhwei province.

According to a special dispatch received here from Shanghai the republican troops mined the ground in front of their entrenchment. Then, by feigning a retreat, they inveigled the imperialists to following them and then exploded the mines. The imperialist army sustained heavy casualties and lost many of their field guns.

General Chang Hsun took refuge in a railroad car and escaped toward Su Chow-Fu.

## TODAY IN CONGRESS

Washington, Feb. 12.—Day in congress:  
Senate.  
In session 2 p. m.

Senators Lea and Kenyon will introduce resolution for joint congressional investigation of "money trust."

Sherwood pension bill rejected by pensions committee and a substitute of Senator Smoot adopted.

Met at noon.  
Testimony regarding labor conditions at steel plants was heard by Stanley committee.

Secretary Stimson testified regarding Panama canal tolls before interstate commerce committee.

William Nelson Cromwell's connection with Panama canal purchase discussed before foreign affairs committee.

Lewis fraud order case developed controversy between George B. Cortelyou and E. C. Madden before post-office expenditures committee.

Investigation into the political influence of Major Ray was continued by war department expenditures committee. Paymaster General Whipple testifying.

## ENGLISH DUCHESS ELOPES.

New York, Feb. 12.—That a prominent English duchess has eloped to France with a Swedish masseur, leaving her husband frantic but helpless in London, is the report cabled to the World today from England. The name of the duchess is not disclosed, but the affair is said to have caused a tremendous sensation in court circles.

## NEARLY FREEZES TO DEATH.

Park City, Feb. 12.—Mark Holland, a miner employed at the Daly-West mine, was found almost frozen to death early this morning in Empire canyon, between the Daly-West and the Daly-Judge mines. Yesterday was payday at the mine and Holland spent several hours in this city. Re-

turning home in the evening he laid down on the snow and fell asleep.

He was found this morning by miners from the Daly-West mine coming off the night shift. They carried him to the Daly-West mines and summoned Dr. Bardey, who ordered Holland taken to the Park City Mines Hospital, where it was found that his feet and hands were badly frozen. It was thought tonight that Holland would recover and that amputation of his frozen members would not be necessary.

## FILIPINOS NO BETTER OFF IN AGRICULTURE

Washington, Feb. 12.—So far as agriculture is concerned, the Filipinos are no better off today than they were fourteen years ago, under Spanish rule, according to Professor Charles W. Piper, of the agricultural department, who has returned from a tour of the Orient.

## ACCUSED OF BOOTLEGGING

Logan, Feb. 12.—The police of this city arrested David Evans, a young man of this city, last night on a charge of bootlegging. He was accused of selling a bottle of whisky in Luke Thompson. In default of bail he went to jail to await his hearing Monday afternoon.

## MARRIAGE PROBLEMS

### Facts Necessary to Be Known About an Engagement

New York, Feb. 12.—The young men of the Rockefeller Bible class will devote the spring months to the study of marriage. A series of fifteen special lectures is announced, beginning February 16, under the general title of "Facts Necessary to Be Known About Engagement and Marriage." The titles of some of the individual lectures are as follows:

"What has the wife the right to demand?"  
"Why the home should be away from relatives?"  
"Dangers facing the man who marries with only enough for one?"  
"What a man's income should be?"  
"Rents in New York?"

In discussing marriage with his Bible class on one occasion John D. Rockefeller, Jr., said:

"Get married as soon as possible, but be sure to get a wife who shares your views of life. A young man should take great care in choosing a wife as she can make or mar his career."

## DUTIES OF DIRECTORS

### Made More Exacting by Comptroller of the Treasury

Washington, Feb. 12.—Comptroller Murray today ordered that boards of directors of national banks hereafter shall meet the federal bank examiners at every examination to discuss the affairs of the institution, especially their loans and discounts.

In the large cities where the assembling of the directors may cause considerable inconvenience, the examiners have been authorized to use their discretion in enforcing the new order, unless some condition is found in the bank deserving criticism.

Carrying out the spirit of this regulation, the comptroller advised about 500 banks in various parts of the country that their course in recently electing as a majority of their board directors who are not residents of the places where the banks are located, was "objectionable."

The directors, he said, "are not conveniently available for monthly board meetings; they cannot meet to pass on all paper purchased or discounted; they cannot be readily convened should urgent necessity arise; and they cannot meet the national bank examiner when the bank is examined."

## Appeal For Recognition

San Francisco, Feb. 12.—An appeal for immediate recognition of the Chinese republican government was sent to President Taft and Secretary of State Kuhn today by Tong King Chong and Wong Sam Ark, in behalf of the Chinese Republic Association, from the headquarters of that organization in this city.

The petition urges that separate recognition would be advantageous to both countries in its effect upon the relations of the two countries. It declares that the new government will, in all probability, be recognized by all the powers, and expresses the urgent desire of the signers that the United States "the first of the great republics" shall be the first.

Tong King Chong is the editor of a Chinese daily newspaper here, and is known as a lecturer and writer. Wong Sam Ark represents the Chinese Free Masons, an organization which numbers among its members 90 per cent of the Chinese of the two Americas.

## LEPER CAN FIND NO PLACE TO REST

Tacoma, Wash., Feb. 12.—While John Early, the leper who has efforts to find a place where he might live have caused him to become a character of national note, was rejecting today that he had at last found a solution of his life problem by finding himself in an act of ground near here, neighbors were laying plans to compel him to move.

An indignation meeting attended by 100 persons was held last night, at which resolutions were adopted, declaring that the United States government should take charge of Early and remove him from that community.

A delegation was appointed to wait on the county commissioners tomorrow and protest against the isolation plan.
